

**Montpak International**, a family owned and operated company established for over 60 years and specializing in the processing and marketing of local veal, beef and lamb products. As an industry leader, we are one of the largest processors in North America. We are currently looking for a **quality control technician** at our **St-Germain Abattoir division**, which provides slaughter services for veal and lamb.

## OUR COMMITMENT

- A family-friendly, dynamic team ready to welcome you;
- A competitive salary;
- Group insurance coverage;
- A group pension plan with employer contributions.

## YOUR MISSION

- Carry out the work and supervision of the HACCP-PASA plans (prerequisite programs) and the SQF system (safe Quality Food);
- Thoroughly inspect equipment, facilities and work areas before and during operations;
- Complete the necessary hardcopy and electronic forms and implement the appropriate corrective and/or preventive measures in accordance with established procedures and specifications;
- Write non-compliance reports within the prescribed time limits, in accordance with the corrective and/or preventive measures that are required to deal with any non-conformity that occur;
- Perform swabbing of surfaces and the necessary sampling at the required times;
- Perform appropriate calibrations and other procedures as specified in accordance with the company's policies and standards;
- Liaise between the company and the Canadian Food Inspection Agency.

## YOUR PROFIL

- At least one year's experience in the field of food processing, dietetics or other relevant training. DEC would be an asset.
- Master's office suite;
- Flexible and available;
- Strives for continuous improvement;
- Good Communicator;
- Discretion and a Sense of Professional Ethics;
- Knowledge of the Paperless software.
